Group VIII Services 1985 :

A total number of 14 vacancies were advertised for direct recruitment to the post of Executive Officer, Grade IV included in the Tamil Nadu Hindu Religious and Charitable Endowments Subordinate Service for which 3,375 applications have been received.

SECTION VI.

Reports from Examiners.

Extracts from the reports of the examiners on the answer books valued by them are given in Appendix (C). The position revealed by the reports of the examiners is summarised below —

SPECIAL TESTS—MAY AND NOVEMBER 1984.

The General performance of the candidates in most of the tests was generally satisfactory. However, mere verbatim reproduction from the books and lack of adequate preparation for the examination were in the common defects noticed by the examiners.

DEPARTMENTAL TESTS—MAY AND NOVEMBER 1984.

The performance of the candidates in most of the tests held in May 1984 was not satisfactory. The performance of the candidates in most of the tests held in November 1984 was satisfactory. Lack of adequate preparation, originality and understanding of the questions and inability to express in their own language were noticed in these examinations.

129—101—2

SECTION VII.

SECTION X

STATUTORY RULES, REGULATIONS, ETC.

(i) *Promulgation and Amendments* :

During the period under report, there were 459 cases of issue of Statutory Rules or amendments to them by the Government. In respect of 394 of them, the Commission was consulted before the rules were issued. Of the remaining 65 cases, 32 were of a routine nature. Excluding such routine cases, there were 33 cases inwhich the Commission was not consulted. However, those routine cases related either to post excluded from the purview of the Commission or to matters in respect of which under Article 320(3) of the Constitution of India, consultation with the Commission was not necessary.

(ii) *Relaxations:*

During the period under report, there were 145 cases in which statutory rules were relaxed by the Government.

In one case, orders of relaxation were issued by the Government in respect of pension matters. In 14 cases, orders of relaxation were issued by the Government in respect of certain provisions of the Fundamental Rules, Madras Special Pay and Allowances Rules and the Madras Travelling Allowances Rules.

In 4 cases, orders of relaxation were issued by the Government in respect of certain provision of the Contributory Provident Fund (Madras) Rules and General Provident Fund (Madras) Rules.

(iii) *Temporary appointments.*

1. STATE SERVICES.

The Commission accorded its concurrence for the continuance beyond a period of three months of the temporary appointments of 592 officers, for the continuance beyond a period of one year of the temporary appointments of 391 officers, for the continuance beyond a period of eighteen months of the temporary appointments of 360 officers and for the continuance beyond a total period of 24 months and above of the temporary appointments of 714 officers in the State Services.

2. SUBORDINATE SERVICES.

During 1984-85, there were 1,586 cases in which the Commission ratified the continuance beyond 3 months of the temporary appointments relating to Subordinate Services made by the appointing authorities in the various departments of the Government.

2. In 548 cases,the Commission ratified the continuance of the temporary appointments relating to Subordinate Services beyond a period of one year with reference to Regulation 17(2) of the Tamil Nadu Public Service Commission Regulations 1954. In some cases, it was found that the appointing authorities concerned did not obtain Commission's concurrence for the continuance of the temporary appointments beyond 3 months, but applied for the Commission's concurrence after the temporary appointments had been continued beyond one year.

There were 429 cases in which the Commission ratified the continuance of the temporary appointments beyond 18 months and there were 239 cases in which the Commission ratified the continuance of the temporary appointments beyond 24 months. The Commission also ratified the continuance of the temporary appointmen ts beyond 30 months and further period in 268 cases.

3. MINISTERIAL SERVICES.

Concurrence given under the Provision of the special Rules:

The Commission accorded its consent under the provision in Rule 20(a) (iii) of the Special Rules for the Tamil NaduMinisterial Service for the permanent transfer of 389 personnel from one departmental unit to another departmental unit in the Tamil Nadu Ministerial Service.

(*iv*) *Appointments made under the latter part of regulation* 16(*B*) *of the Tamil Nadu Public Service Commission Regulations* 1954.

(a) In the following cases, the Commission's concurrence was sought for and given under the latter part of Regulation 16(b) of the Tamil Nadu Public Service Commission Regulations 1954,for making appointments to the posts without the ordinary statutory reference to the Commission as required under article 320(3) of the Constitution of India:—

SECTION XI

APPEALS, PROPOSALS AND DISCIPLINARY ACTION, ETC.,

The Commission dealt with 623 cases (including 269 cases pending as on 1st April 1984) during the year under report (as against 461 cases in 1982-83 including 135 cases pending as on 1st April 1983). Of the 623 cases, the Commission called for the records or particulars in respect of 15 cases and the Commission's advice was communicated to the

Government in respect of 321 cases leaving a balance of 302 cases. Of the 321 cases, the Commission advised modification of punishments in respect of 21 cases. In respect of 12 out of 302 cases records or particulars are still awaited.

2. Of the 321 cases on which the Commission's views were communicated, the Government had passed orders on 145 cases, leaving a balance of 176 cases.

3. The average time taken by the Government in making a reference to the Commission, the time taken by the Commission, in giving its advice and the time taken by the Government in issuing orders are as follows:—

Year	Number of cases.	Average time taken by the Government for making a complete reference to the Commission after issue of charge sheet in respect of disciplinary action, appeal, etc.	Average time taken by the Commission for giving its advice.	Average time taken by the Government for passing orders, after issue of Commissions advice.	Total time taken. (3+4+5)
(1)	(2)	(3)	(4)	(5)	(6)
1984-85	289	15.48 months.	7.05 months.	6.96 months.	29.49 months.

4. Disciplinary cases have necessarily to be considered with great care and, therefore, considerable time is required for examining all the records and reaching a conclusion on the charges and the penalties if any, to be imposed. The Commission has taken steps to see that no avoidable delay occurs in dealing with the cases. Details of number of the cases involving charges affecting integrity and number of the cases involving charges other than integrity according to departments in respect of Appeal/Petition/Review Petition/ Disciplinary action/Proposal for recovery/ or Reduction in pension are furnished in Appendix (E).

5. The Commission also advised on one reference for legal assistance and one reference relating to grant of injury pension.

SECTION XII.

GOVERNMENT AND THE COMMISSION (A) INSTANCES OF DEVIATION FROM THE COMMISSION'S ADVICE.

(1) In June 1982, the Government in the Home Department sought the Commission's concurrence under the latter part of Regulations 16(b) of the Tamil Nadu Public Service Commission Regulations 1954, for the regular appointment of a daughter of a former Assistant in the District Police Office, South Arcot who died in harness on 13th February 1979 on compadssionate grounds. The individual was temporarily appointed as Junior Assistant in the Police Department with effect from 31st December 1979, At the time of her appointment, she was not married. As it was intimated to the Commission that she had got married without the consent of the family and deserted the family, the Commission refused to accord its concurrence to regularise the services of the individual and declined to agree to the proposal. The Commission had, however, suggested that if any other qualified member of the family of the deceased Government servant applied for an appointment on compassionate grounds, the Commission would consider that case favourably.

The Government replied, that as the third daughter of the deceased Government servant who had been selected on merit basis was working as a constable, the proposal for giving an appointment to the other qualified person could not be considered. They requested the Commission to accord its concurrence in respect of the individual who was temporarily working from 31st December 1979 in pursuance of the Government's clarification dated 5th May 1982 wherein it had been stated that the persons who were appointed prior to 2nd May 1981 temporarily on compassionate grounds need not be discharged even if there was an earning member in the family of the deceased Government servant.

Again the Commission refused to accord its concurrence though there was a Government Order that the services of the persons who were appointed prior to 2nd May 1981 on compassionate grounds might be conside ed even if there was an earning member other than the applicant, pointing out that in the instant case, the individual got married after appointment and left the family.

The Government issued orders regularising the services of the applicant disregarding the Commisions's views.

Thus, the principles to give appointment on compassionate grounds to the dependants of the deceased without asking them to go through the normal procedure of recruitment solely to make up the loss of the bread-winner of the family and to relieve the family from the indigent circumstances is defeated in this case.

2. In May 1983, the Government in the Home Department sought the Commission's concurrence under the latter part of Regulation 16(*b*) of the Tamil Nadu Public Service Commission Regulations 1954, for the regular appointment of a son of an Inspector of Police in the North Arcot District who died in harness on 13th January 1979 on compassionate grounds. The individual was temporarily appointed as Junior Assistant in the Police Department with effect from 13th February 1980. Since there were three earning members in the family of deceased Government servant, the Commission viewed that the family of the deceased Government servant was not in indigent circumstances and refused to accord its concurrence ~~that~~ though there was a Government order the services of the persons who were appointed prior to 2nd May 1981 on compassionate grounds might be considered even though there was an earning member other than the applicant. The Government issued Orders, disregarding the views of the Commission and regualrised the services of the applicant as he had put in more than 3 years continuous service and in pursuance of the Government's clarification dated 5th May 1982, wherein it had been stated that the persons who were appointed prior to 2nd May 1981 temporarily on compassionate grounds need not be discharged even if there was an earning member in the family of the deceased Government servant.

Thus, the principle to give appointment on compassionate ground to the dependants of the deceased without asking them to go through the normal procedure of recruitment solely to make up the loss of the bread winner of the family and to relieve them from the indigent circumstances is defeated in this case.

3. A District Revenue Officer, was formerly holding the post of Special Tahsildar, Urban Land Tax Collection, from 3rd February 1976 to 31st July 1976. Disciplinary action was instituted against him for his failure to verify the collection accounts, then and there, collected towards Urban Land Tax by an Ex-Village Headman, which resulted in the misappropriation of Government money to the tune of Rs. ~~1,309 060~~ The appellant submitted his explanation. Finally, the Special Commissioner and Commissioner for Revenue Administration held the charges as proved and passed orders stopping the increment of the appellant for a period of three months without cumulative effect. Against those orders the appellant preferred an appeal to the Government. The Government souhgt for the Commission's views thereon.

The Commission, after carefully going through the records of the case, advised the Government that the punishment imposedbythe Commissioner for Revenue Administration on the appellant be set aside and he be let off with a warning, as all others proceeded against on the same charges had been let off with a warning. The Government, however, issued orders rejecting the appeal, in deviation of the Commission's advice. The Government observed that the appellant could not absolve himsel

of the misappropriation committed by the Village Headman working under him on the plea that there were no suspicious circumstances or the misappropriation was not brought to his notice or that he could not check the accounts as he was otherwise busy and conside ed that the punishment imposed on the appellant by Special Commissioner and Commissioner for Revenue Administration was not excessive.

The Orders issued by the Government are in violation of the convention established by the Government themselves that the recommendations of the Commission shall ordinarily be accepted except where matters of Policy are involved or where imperative reasons existed for not accepting them, especially when two other Special-Tahsildars and three Special Deputy Tahsildars have been let off in the same case and natural justice required equal treatment to all in the similar circumstances.

4. A Commissioner, a Junior Assistant and a Rural Welfare Officer of a Panchayat Union were placed on their defence before the Tribunal for disciplinary proceedings. The Tribunal framed a charge separately in each of the four Departmental Enquiries conducted by it. After enquiry held all the charges framed against the delinquent as proved and recommended for the imposition penalty of removal from service on all the three delinquents. The Government accepted the findings and recommendations of the Tribunal for Disciplinary Proceedings and issued a show cause notice to each of the delinquents against the imposition of the proposed penalty of removal from service. The delinquents submitted their representations. The Commission, after carefully going through the records of the case, advised the Government to exonerate all the accused officers of all the charges and to drop further action, since none of the charges against any of the delinguents had been established by satisfactory evidence with a preponderence of probabilitity. But the Government issued orders imposing on them the penalty of removal from service, in deviation of the Commission's advice.

The Government have not stated how they found the explanation of the three delinquents not convincing when the Commisison had put forth detailed grounds for exonerating the delinquents. The orders issued by the Government are in violation of the convention established by the Government themselves that the recommendations of the Commission shall ordinarily be accepted except where matters of policy are involved or where imperative reasons existed for not accepting them.

5. There were certain allegations of corruption and malpractices against a Block Development Officer of a Panchayat Union. These allegations were enquired into by the Vigilance and Anti-Corruptions Department. On the basis of the report of the above department the Government requested the Tribunal for disciplinary Proceedings. Madras to conduct an enquiry in the matter and send its report. The Tribunal framed three charges against the delinquent, conducted a

enquiry and submitted its report to Government. The Tribunal held charges I and II proved and charge III not proved and recommended to Government for the imposition of punishment of removal from service on the delinquent. The Government accepted the findings of the Tribunal, provisionally concluded to remove the delinquent from service and issued a showcause notice to the delinquent accordingly. The delinquent submitted his explanation. The case was referred to the Commission for its views.

The Commission, after carefully going through the records of the case, considered that the extreme punishment of removal from service was out of all proportions to the offence and that the ends of justice would be met if the suspension period from 2nd July 1977 to the date of rejoining duty by the Accused Officer was treated as substantive punishment and advised the Government accordingly. The Government reported that the punishment suggested by the Commission could not be imposed, since the delinquent officer was not placed under suspension with reference to the charges in question and sought for the revised views of the Commission. The Commission re-examined the case and advised the Government that the penalty of stoppage of increment for two years with cumulative effect be imposed on him. But the Government deviating from the Commission's views, issued orders in G. O. Ms.No. 533, Rural Development and Local Administration, dated 3rd April 1984, confirming the proposed penalty of removal from service. The reasons adduced by the Government for deviating from the Commission's advice in regard to the penalty do not seem to be justifiable as they had taken into account the grounds for charge III also while deciding the penalty whereas they themselves had held it as not proved while issuing a showcause notice communicating the provisional conclusion on the basis of the Tribunal report.

6. Based on certain allegations made against a Medical Officer of a Primary Health Centre by the Public, a preliminary enquiry was conducted. Since a prima facie case was made out at the preliminary enquiry disciplinary action was instituted against the delinquent by framing three charges for having misused the poor fund collection, for having taken away the medicine, by giving false token at the Sub-Centre and for having misused the Primary Health Centre Vehicle. The delinquent submitted his explanation. The Government after examining the case, held all the charges framed against the delinquent as proved and arrived at a provisional conclusion to remove him from service. Accordingly a showcause notice was issued to the delinquent. The delinquent submitted his explanation.

The Commission, after carefully going through the records of the case, advised the Government to impose the penalty of stoppage of increment for a period of three years without cumulative effect on the delinquent.

The Government issued orders confirming the proposed penalty of removal from service deviating from the Commission's advice. The Commission is of the view that the proved charges are not so severe as to warrant the earlier penalty of removal from service.

The orders issued by the Government are in violation of the convention established by the Government themselves that the recommendations of the Commission shall ordinarily be accepted except where matters of policy are involved or where imperative reasons existed for not accepting them.

(B) NON-CONSULTATION WITH THE COMMISSION IN REGARD TO APPOINTMENTS, RULES, REGULATIONS AND DISCIPLINARY ACTION :

In September 1982, the Government sought for the Commission's concurrence for the regular appointment of a temporary Lecturer in Biology, Government Homœopathy Medical College and Hospital as Assistant Professor in the Tamil Nadu Collegiate Educational Service, on the ground that the post held by the individual for the past 6 years was to be abolished and that the temporary lecturer belonged to Backward Class and was a physically handicapped person. The Commission refused to accord its concurrence on the ground that it was hardly justifiable to force a temporary employee of one Department on another department and that, too in the stature of an Assistant Professor and that mere temporary services alone had not been the sole criterion for according concurrence for regular appointment even in the same post itself. The Commission suggested that the individual be asked to apply to the Commission when it advertised the vacancies for regular appointment to the post of Assistant Professor by direct recruitment and take his chance, provided he had obtained not less than 50 per cent marks in his Post Graduate Degree Examination. The Government were also requested to state the circumstances under which the temporary Lecturer was being continued temporarily without obtaining the Commission's concurrenece for such temporary continuance since 1975.

The Government again requested the Commission to reconsider its views (adducing further reasons and analogies) and to accord its concurrenece. However, the Commission refused again to accord its concurrence and reiterated its earlier views and also pointed out the fact that the further reasons and analogies were not on all fours with the instant case. (As regards the omission to obtain the Commission's concurrence for the continuance of his temporary appointment, the Government stated that as they were engaged in finalising the ad-hoc rules it was lost sight of and regretted for the lapse.)

Subsequently, the Government stated that they had carefully considered the views of the Commission and that, considering the individuals, age,

his over 8 years of service, his physical handicap and his belonging to the Backward Class they had decided to deviate from the views of the Commission and appointed, the individual regularly as Assistant Professor in the Tamil Nadu Collegiate Educational Service. The Government have issued orders absorbing the individual as Assistant Pr. fessor in the Tamil Nadu Collegiate Educational Service, the Commission's views notwithstanding. They have thus violated the well established convention that the Commmission's advice must be accepted in all cases except where matters of policy are involved or where imperative reasons existed for not accepting the Commission's advice.

ACKNOWLEDGEMENT.

The Commission records its appreciation of the willing co-operation extended by various Trusts, Educational Institutions and their officers in the matter of providing suitable accommodation for the various examinations held by the Commission.

The Commission is also grateful to the examiners and expert advisers, who inspite of their personal inconvenience readily accepted the Commission's invitations and assisted it in the conduct of different examinations and selections of officers to the various posts under the State Government.

Finally the Commission places on record its appreciation of the loyal and efficient service rendered by its staff throughout the year.
